ArbolKin

Quick guide

One page to start sharing and protecting your family story.

1. Sign in with the code sent to your email.
2. Open your workspace and choose a tree.
3. Search for your name before creating a new profile.
4. Open a person to add memories or correct details.
5. Upload photos and tag the people shown.
6. Use Guide (?) for help. T opens the tree, P people, M photos, / search, and N notifications.

Share information about living people only with permission. Ask the workspace owner for help if you cannot see or edit something.
